**REQUEST FOR RECONSIDERATION OF PETITION FOR WITHDRAWAL
OF HOLDING OF ABANDONMENT UNDER 37 C.F.R. 1.181(a)**

Dear Sir:

In response to a Decision, mailed September 4, 2007, dismissing without prejudice a Petition for Withdrawal of Holding of Abandonment, filed June 27, 2007, Applicants respectfully request reconsideration of Applicants' petition, in view of the statements made herein, that said holding of abandonment be withdrawn for the above-referenced patent application.

A Notification of Abandonment, mailed May 9, 2007, for the above-referenced application was received by Applicants. The above-referenced national stage application, filed under 35 U.S.C. 371 and 37 C.F.R. 1.495 on October 11, 2005, became abandoned on August 6, 2006 for failure to timely or properly reply to a Notification of Missing Requirements, mailed June 5, 2006. Applicants make the following statements and provide the following supporting documentation.

1) The undersigned states that the Notification of Missing Requirements was never received for the instant application.

2) The undersigned attests that a thorough search of both i) the file jacket for the Notification of Missing Requirements, including the file jacket for the corresponding international application as the instant application is a national stage application, and ii) the docket where the Notification would have been entered had it been received failed to locate the Notification which indicates that the Notification of Missing Requirements was not received. Applicants index all correspondence received from and sent to the United States Patent Office. The Notification of Missing Requirements has not been indexed as shown on the enclosed copies of index sheets for correspondence sent to and received from the U.S. Patent and Trademark Office (Exhibit C).

3) The undersigned encloses a copy of the docket record which represents where the non-received Notification of Missing Requirements would have been entered had it been received and hereby states that the listing under August 5, 2006, or under any other date of interest included on the enclosed docket sheets, includes a complete listing of all responses due in the U.S. Patent and Trademark Office on that date.

The docket is maintained by the undersigned as a computer file. Particularly, in support of the instant petition, Applicants enclose herewith selected pages of the attorney docket (Exhibit A) for July-December 5, 2006 encompassing August 5, 2006. Generally, the docket indicates all monthly deadlines to reply to Office Actions, to pay Issue Fees, to submit Missing Parts, etc. where interlineations indicate a response has been submitted. It is the undersigned's practice to docket any action received from the USPTO on a monthly basis where statutory deadlines, including 6 month extension deadlines, are identified with the term "**DEADLINE**". The deadline to reply to the Notification of Missing Requirements for the instant application was August 5, 2006 without extension. The enclosed docket does not have the deadline for this Notification of Missing Requirements docketed on August 5, 2006 nor on any subsequent date of extension. Also, a partial example of a docketed Response to Missing Requirements deadlines is shown for January-March 8, 2006 (Exhibit B). The

abbreviation "RMReq" is the undersigned's shorthand standing for Response to Missing Requirements.

Applicants request that the Notification of Missing Requirements be remailed. Applicants believe that this Request for Reconsideration of the Petition to Withdraw Holding of Abandonment is complete. Applicants believe no fees are due, however, if this is in error please debit Deposit Account 07-1185 on which the undersigned is allowed to draw. If any questions remain, Applicants request that the Examiner contact Applicants' counsel, named below, at 713/270-5391 for quick resolution.

Respectfully submitted,
